Representing Eti-Osa Constituency 02

2023 is about Continuity and Consolidation

y and humility, I acknowledge and appreciate your commitment to our community and your abiding interest in advancing causes that are promoting the development of our constituency.

I cannot thank you enough for the privilege and opportunity of service as your representative in the Lagos State House of Assembly. Indeed, service is a privilege. An opportunity of political leadership is the ultimate privilege only a few people get to have. I do not take this privilege for granted. I embrace it as an opportunity to positively touch lives. For me, "the essence of politics is service". Once it is not for the good of the people and the development of the community, the essence

of it is lost.

My experience as your Legislator has been a most humbling one. Thankfully, to the glory of God and you the good people of our constituency, it has been a fruitful one for us, with the dividends of our representation evident in the lives of residents and the constituency. I have been serving with a great sense of responsibility and to the best of my ability. By God's Grace, I have kept faith with the promises I made at the beginning of this journey.

As you know, the legislature is an institution with its peculiar norms, conventions and rules. Premium is placed on the legislator's ranking, seniority and experience in the chamber. With higher ranking comes greater latitude for quality representation and greater impact in the community. We are fortunate that our constituency is represented by someone with broad experience and remarkable footprints in the House of Assembly, which has brought for us significant benefits.

I have approached the assignment placed in my hands with total commitment and complete dedication to duty, in the knowledge that you have invested your trust and hope in for a purpose. To the glory of God, I serve as Chairman of the House Committee on Economic Planning and Budget, which has put us at a vantage position in ensuring that the interests of our community and that of Lagosian are protected.

Over the years, "our Plan of

Action" for the development of the community has been fashioned around the provision of qualitative representation and delivering on the Eti-Osa-02 Agenda with focus on these sectors - Education, Job Creation and Health Care.

Through your unflinching support, we have been able to attain milestones across these sectors, even surpassing the target in some. We have employed a combination of the tools of legislative activism, direct intervention in community development, as well as empowerment of the people to be able to record the progress we have made, so far. But then, even with the successes we have made in the different areas of intervention, we know that we have only done so much in a few years

Our Agenda for 2023 is fashioned with the twin objectives of CONSOLIDATION and CONTINUITY. We are looking to expand on the areas of impact within the framework of the 8 Sustainable Development Goals to improve on access to quality health and education, reduce inequality, while spurring economic development within our constituency.

I remain fully committed to the cause of advancing the interests of the people of Eti-Osa Constituency 02. The pact I have with you remains unshaken and no challenge or circumstance will ever come between us. I have chosen to be a strong voice in carrying out my legislative duties, while continuing with

our intervention programmes and services in the Constituency, as that is my understanding of the assignment you gave me. I hope I have lived up to your expectation as your Lawmaker and Representative. I thank you for giving me so much confidence to speak, knowing I represent the knowledgeable, confident and intelligent people of Eti-Osa Constituency 02.

By the Grace of God and your immense goodwill, I have been returned by my party – the All Progressives Congress (APC) as the candidate for the Lagos State House of Assembly for our constituency, Eti-Osa Constituency 02, in the forthcoming general elections in 2023.

I hereby solicit for your vote once again to continue to represent you. My desire is to consolidate on the gains we have made and further advance the Eti-Osa-O2 Agenda.

I count on your support and prayers, as we prepare for the forthcoming elections. Together, we are stronger. Together, we are better.

Thank you for the privilege of service.

Your Lagos State House of Assembly Member & Representative,

Engr. Gbolahan Olusegun Yishawu

provisions of this Bill shall not be enforced against buildings and structure used for residential purpose.

LAGOS STATE RESEARCH TRUST FUND BILL (SDG - 4&9):

The objective is to allocate and administer funds to eligible researchers who desire to carry out research work of public interest and development potentially beneficial to Lagos State. The Research Trust shall be funded from direct allocation from the State, contributions from the relevant State ministries and agencies as well as donations and gifts. The Lotteries and Gaming Agency of the State shall be a preferred source of funding for consideration.

I look forward to the support of my colleagues to ensure the passage of the Lagos Patient Bill of Rights, Data Surveillance Bill & Lagos State Research Trust Fund Bill into laws in the next Legislative Assembly with your kind mandate.

OPEN-DOOR POLICY AND COMMUNITY ENGAGEMENT

Apart from our regular Town Hall meetings, which serves as a platform for engagement and empowerment, we shall strengthen Community Engagement, in line with our open-door policy, to include more frequent engagement of Professional Associations, Community Development Associations, Youths Associations, Religious Bodies and Associations, Resident Associations other interest groups within the constituency to enhance feedback and ensure that everyone is carried along and duly represented in the positions we canvass on behalf of our constituency.

PROVISION OF AMENITIES & COMMUNITY SERVICES

Our intervention schemes in the different communities which have seen us provide transformers, boreholes to communities in need and renovation of public utilities will continue in a greater dimension. We shall continue to engage with communities to identify their needs and channel our limited resources, as enabled, to

assisting in this regard.

We will also continue to lobby to ensure that our constituency benefits maximally from government programmes and projects including roads, schools, health & recreation facilities while monitoring relevant Ministries, Departments and Agencies to deliver on projects and plans for communities within Eti-Osa Constituency 02.

TOLL-FREE CONSTITUENCY CALL LINES

To ensure that all interests are protected and needs properly articulated, our doors will remain open with the constituency office and all our communication platforms made accessible to every constituent desirous of engaging with us. We shall increase our Constituency Call lines to 3 and endeavour to make them toll-free in order to remove the burden of cost from constituents who wish to reach us through such channel, apart from our Whatsapp lines that many presently utilise.

NEWSLETTER

We shall continue to circulate our quarterly constituency newsletter, which we have successfully published since 2011, as a feedback mechanism and medium for rendering account of my stewardship to you.

With your prayers, support and vote, we will be able to deliver on these promises and even surpass them, to the glory of God

Once again, I humbly solicit for your support and vote in the forthcoming elections so that I can emerge again as your representative of Eti-Osa Constituency 02 at the Lagos State House of Assembly.

Engr. Gbolahan Olusegun Yishawu

CARE & SURGERY (SDG-3), FREE CERVICAL CANCER SCREENING & VACCINATION (SDG-3 and SDG-5), EYE EXAMINATION, CATARACT SURGERY AND PROVISION OF EYE GLASSES will be continued and improved upon.

We will pursue all our health awareness programmes to enhance healthy living among our people.

HEALTH INSURANCE SCHEME FOR ETI-OSA LAGOS PATIENT'S BILL OF RIGHTS (LPBOR) (SDG-(SDG-3)

We shall aggressively promote awareness programmes to ensure residents embrace the Lagos State Health Insurance Scheme (Ilera Eko). The objective of the scheme is to ensure that billing and exposure to malpractices in the every resident of Lagos State has good access to health care services; ensure that all residents have financial protection, physical access to quality and affordable health care services; protect families from the financial hardship of huge medical bills; This is a protection mechanism designed to and limit the rise in the cost of healthcare services. constituency.

PEOPLE-CENTRED REPRESENTATION (SDG-9)

I shall continue with my already established tradition of vibrant contributions on the floor of the house, interaction with colleagues and constant liaison with Ministries, Departments and Agencies to promote the right policies and ensure the implementation of same. The main thrust of my representation will continue to be the protection of the vulnerable and disadvantaged, facilitating the provision of footages of potential while ensuring that the interests of the resilient and advantaged of our constituency are equally secured in line with my philosophy of putting the people of Eti Osa Constituency 02 first, at all times.

LEGISLATION

I will continue to use the instrument of legislation INDIVIDUAL PRIVACY RIGHT as constitutionally to protect the disadvantaged as well as the advantaged. Just as I successfully sponsored the private member bill to promote non-smokers cameras to ensure that coverage is forbidden from the hazardous effects of smoking in public from extending to any happenings in adjoining places, which has now been passed into law as private homes, gardens, adjoining buildings or well as the Rape Victim Shield and Civil Liability structure. Also, no installation of close circuit Bill, which I proposed to protect survivors of rape, television or cameras shall be engaged in covert encourage more effective prosecution of the surveillance of any public building or private crime and secure compensation for the victims in residential building or structure. In addition, the

civil suits, I will continue to work hard to ensure we use the instrument of legislation to engender an egalitarian society.

In addition, I will endeavour to introduce more bills and motions in the house to enhance the quality of life of the people in different areas, with the emphasis continuing to be on your welfare. Such bills include:

We shall be working hard with other Legislators to push for a "Lagos Patient Bill of Rights" to protect patients from abuse, negligence, possible over-Hospitals. The Bill will document the minimum condition of service expected of a medical facility in the treatment of patients in our Hospitals.

ensure the reported cases of abuse in our This we shall ensure is entrenched in our Hospitals are drastically reduced and the standard of care available to patients is improved upon.

LAGOS STATE URBAN AND REGIONAL DATA SURVEILLANCE BILL (SDG-11):

The objective is to establish the Lagos State Urban and Regional Data Surveillance which will register all buildings used for COMMERCIAL purpose and advocate the use of close circuit television for the purpose of surveillance, monitoring and harmful and dangerous occurrence around the building's and adjoining public areas within Lagos State to assist any relevant investigation by law enforcement agencies; and for other matters connected therewith.

The Bill also ensures that the protection of guaranteed is not violated. It provides for limitations in the installation of surveillance

LEGISLATION ACTIVITIES OF HONOURABLE GROLAHA

My experience in the Lagos State House of Assembly has been a learning curve and has enabled me discharge my duties accordingly ensuring I represent the interest of my constituents as well as seeing to the judicious use of State's resources. As the chairman of the House Committee on Economic Planning and Budget and with the leave of Mr Speaker & my Honourable Colleagues, I have superintended over several budget processes in the interest of the good people of Eti-Osa constituency 02 and Lagos State as a whole. This has immensely shaped the progress & prosperity being recorded in our dear State.

of the objectives outlined in eight of the Sustainable Development Goals (SDGs). The Agenda is inspired by Goals 2,3,4,5,6,8,9 and 11 with the objectives of improving health, education and quality of life in the constituency; reduce GOY INNOVATION INITIATIVE (SDG-9) inequality; as well as spur innovation, skills development and economic empowerment within the constituency.

Our focus shall be on consolidating on existing programmes and delivering value to constituents in current and new areas of focus, as outlined below:

JOB CREATION AND ENTERPRISE **DEVELOPMENT (SDG-8)**

Our programmes and activities toward generation of more job opportunities, providing employment, vocational skills development and promotion of entrepreneurship has been well received by our constituents, with many benefiting from the different initiatives. We shall initiatives.

We will expand our support for the Vocational Skills Development programme to ensure that more of our residents have the benefit of training in the different vocations to enable them gain employment or to set up their own businesses and create jobs for others.

We will continue to support the graduates of these programmes as well as others desirous of starting a trade or expanding their business with grants and equipment to enable them stand on their feet as entrepreneurs. The Jobsite we set up to assist with the process of job search will be upgraded to be able to deliver greater value to residents who presently make use of it.

ENTERPRISE DEVELOPMENT CENTRE (SDG-9)

We also plan to set up the Enterprise We intend to increase the number of buses in the

With the success of the GOY Skills Development Centre and its impact in the constituency, we shall be scaling up our skills development initiatives. We shall be setting up the GOY Innovation Initiative which will serve as a platform for startups. Where enterprising constituents will be able to work on their ideas with other innovators and rub minds with creatives as well as other players in the industry.

ENTERPRISE REVOLVING FUND (SDG-9)

An ENTERPRISE REVOLVING FUND to formalise our existing structure for disbursing funds to those in need of support for new and existing businesses in our constituency will be launched. This fund will be endowed to meet the funding needs of micro and later, small-scale business be consolidating and expanding on these owners and enterprises to enable them acquire equipment and increase their capital base. It is geared towards assisting residents of Eti-Osa Constituency 02 in starting business ventures or expanding existing ones.

The revolving fund will be administered through a financial institution to ensure transparency and sustainability.

FREE BUS RIDE TO AND FROM SCHOOLS (SDG-

The FREE SCHOOL BUS RIDE scheme has no doubt been of tremendous benefit to residents of our constituency. It has been of great assistance to the students and has continued to relieve the parents the additional burden of transportation expenses of their children and wards to and from public schools, while also helping to increase school enrolment and attendance.
